

CERTIFICATE PENETRATION TEST

SySS GmbH
72072 Tübingen

hereby confirms that it carried out a penetration test for the company

grow Platform GmbH
71636 Ludwigsburg

Test item: Spexor device with its mobile apps, web services and including underlying systems

Simulated attack scenarios:

- a) Perpetrator over the internet with and without credentials
- b) Mobile app incl. its web service and providing infrastructure

Scenarios excluded from the test:

- a) Hardware analysis of the device

Test period: February 15 to 24, 2021 and March 11 to 12, 2021

Test depth / resistance period: The simulated attack lasted 10 person days (actual test period)

Summary of test results:

"At the end of all test activities, SySS GmbH hereby confirms that no major security flaws were detected."

Recommendation: SySS recommends that the test item be retested after every significant change or at the latest after one year.
